

ENJOY TOGETHER!
Reading aloud is talking to your child, telling and pointing things out, mimicking sounds, finding objects and animals, laughing and singing...

FLYING START
By looking at and reading books with you, your child will learn lots of new words and will understand everything better. This will make it easier to get started at school.

ANYWHERE, ANY TIME
Reading together is nice. You can take time to sit quietly, or simply read in between all the other things you do with your child.

BOOKS FOR BABIES
All kinds of different books to try out with your child.

IN YOUR OWN LANGUAGE
Read to your child in your own language. That's the language in which you feel and think, and it's the one you know the best.

VISIT THE LIBRARY
You'll find lots of books for babies at the Library. You can borrow them free of charge. You'll also meet other parents there.

BOEKSTART
Your child can join for free. You'll get the little case with two books as a gift.

Visit boekstart.nl or download the BoekStart app for everything you need to know about reading to your child. You can also find out where your nearest BoekStart library is.
